

If your circumstances change and they require you to move to another litter, we allow you to do so to a maximum of 2 times. We ask that you contact us well in advance to let us be able to work with you in choosing the correct litter for you as well as a wait list that is not currently full.

We cannot guarantee you a color, if you want to choose by color, we ask that you allow us to rotate your deposit to another litter. It is very difficult to determine colors before the puppies are born. There are exceptions to this in that we do know which females produce certain colors. We will make every effort to place you on the correct wait list. This will be handled on a case by case basis. Also, we will do our best to tell you when our females are due in heat to determine when litters will be bred, but we have no control over mother nature. We ask that you be aware of this before placing a deposit on a certain litter if your time frame is not somewhat flexible.

We do not refund deposits because you change your mind since we hold a spot for you and it keeps us from selling to someone else. We thank you for your understanding in the deposit process; we go to great lengths to make this as easy as possible. Please be sure you are committed to this process before placing a deposit.

Deposits are accepted on unborn and very young puppies. The breeder will hold puppy until eight weeks of age, at which time payment is due in full. We schedule our puppy go home date as soon as the puppies are born, this gives our buyers 8 weeks to prepare to pick up the puppy. If the buyer is unable to pick up the puppy on the stated release date, puppy must be paid for in full and there will be a \$25.00 per day boarding charge until the puppy goes to its new home. If no payment is received, then the deposit will be considered forfeited and the puppy will be made available to another home.

Total price 3000.00 with the ability to have limited Registration released after criteria has been met _____

Criteria for breeding:

At no less than 2 years of age, the puppy must be PennHip x-rayed to confirm that his hips score are at least .41 or below, OR at no less than 2 years of age the puppy can be OFA x-rayed and must certify FAIR, GOOD or EXCELLENT.

- Elbows must also be x-rayed and certified to be free of elbow dysplasia.
- Buyer must achieve a working title (Service dogs of America FO, or better, BH, herding, Schutzhund, agility, search & rescue, PSA PDC, etc.) on the puppy. Working titles can be discussed.
- Seller must be contacted and presented with certification, as well as an opportunity to view the dog or a quality picture of the dog. Seller must approve the quality of the dog for breeding purposes.
- Camelot must be given a say into the stud or female that a Camelot dog is bred to. This is done to protect our lines. We have worked very hard to produce quality dogs and want our lines to continue to be bred to quality dogs.
- Puppy must be registered with the Camelot Kennel name in order for registration to be released.
